EDUCATION

2024: M.Tech. (Power Systems Automation) | Andhra University College of Engineering, Visakhapatnam
2021: B.Tech. (Electrical Engineering) | Andhra University College of Engineering, Visakhapatnam

CORE COMPETENCIES

- Front-end Development
- Back-end Development
- UI/UX Design
- ReactJS Development
- Agile Methodologies
- Responsive Web Design
- Version Control
- Database Management
- Project Management
- Quality Assurance

TECHNICAL SKILLS

- HTML & CSS
- JavaScript & PHP
- ReactJS, NodeJS & ExpressJS
- Structured Query Language (SQL)
- MongoDB
- WordPress
- Bootstrap 4,5
- Tailwind CSS
- SCSS

FREELANCE EXPERIENCE

Front-end Development | May'17 – Feb'22

Technologies Used: WordPress, PHP, ReactJS, Tailwind, Bootstrap and Firebase

Key Result Areas:

- Designed and developed visually appealing websites & ensured cross-browser compatibility & optimal performance.
- Crafted interactive Front-end applications with frameworks, collaborating closely with the clients to integrate features and ensured seamless user experiences.

PERSONAL DETAILS

Date of Birth: 12th October 1996

Languages Known: English, Hindi & Telugu

Address: Visakhapatnam - 530041, Andhra Pradesh

URITI SAI ABHISHEK

Result-driven individual, targeting assignments in **Front-end Development** within the **IT Industry**, preferably in **Hyderabad or Visakhapatnam**.

PROFILE SUMMARY

- Full Stack Developer with **2.5 years** of experience; showcasing proficiency in React JS, JavaScript, HTML, CSS, and SCSS, specializing in UI/UX principles to create compelling web applications.
- Up-to-date with the latest trends in front-end development and ReactJS frameworks, applying industry best practices to drive continuous improvement and technological advancement.
- Proficient in implementing front-end architecture and design patterns to enhance code maintainability and scalability, following best practices and industry standards.
- Expertise in React.js for building interactive user interfaces, alongside strong proficiency in HTML, CSS, and JavaScript to create robust and responsive web applications.
- Showcased problem-solving capabilities and analytical skills, delivering clean and efficient code for scalable and performance-optimized web applications.
- Experienced in designing and developing responsive WordPress themes using CSS Frameworks like Tailwind and Bootstrap, ensuring optimized UI/UX for superior user interaction.
- Proficient in working with various JavaScript frameworks, experienced at leveraging them to develop scalable and efficient web applications.

WORK EXPERIENCE

Keka HR, Hyderabad | WordPress Developer | Oct'23 – Present

Key Result Areas:

- Developing and sustaining responsive WordPress websites, themes, and plugins following industry best practices.
- Collaborating closely with designers and team members to translate wireframes and mock-ups into functional web pages.
- Implementing and testing website features to ensure compatibility across browsers and devices and optimizing **UI/UX designs** for implementation.
- Diagnosing and resolving website issues promptly to maintain peak performance and user satisfaction.

Msrcosmos, Hyderabad | Software Engineer Trainee | Feb'22 – Sep'23

Key Result Areas:

- Developed robust APIs and optimized data retrieval from MySQL databases using **Node.js** and the Express framework & enhanced system performance and user experience through data processing techniques.
- Contributed significantly to Front-end development using **React.js**, collaborated closely with teams to create dynamic user interfaces.
- Developed comprehensive backend API documentation using **Swagger**, ensuring clarity and accessibility for developers and stakeholders.
- Demonstrated proficiency in WordPress development by customizing websites to meet specific client requirements.
- Created tailored WordPress themes from **HTML designs** to ensure seamless integration and superior site functionality.
- Implemented advanced WordPress theme development strategies to deliver user-friendly backend solutions.

INTERNSHIP

Intuily Inc., Remote | Software Engineer Intern | Aug'21– Dec'21

Key Result Areas:

- Created user-friendly designs using different CSS frameworks such as Tailwind and Bootstrap, and converted designs between frameworks.
- Developed an HTML template for a client based on provided specifications.
- Implemented responsive design using Tailwind CSS framework, Vanilla CSS, and JavaScript.
